Village News!

May 2016

*The Village Council would like to sincerely thank all of our wonderful Volunteers!
All of your hard work keeps our Village Beautiful!*

Spring Clean-up May 28th See flyer for details

Garbage and Recycle Area:

We are continuing to get complaints that our facility is being abused. Council passed By-law 03/15 to address this issue, but it seems more drastic measures are needed to keep the costs down to a minimum. A new project is under consideration to put a gate at the facility and restrict the use to 'Residents and permit holders'. See Project section for more information.

House Numbers:

We have been advised that there are some houses that do not have house numbers posted. Please post your house number so that in the event of an emergency, your house can be found!

Community Garden:

Community Garden Plots will be available this year! The plots are available on a first come - first serve basis. The Village will mark out these plots only. Planting, maintenance and watering is your own responsibility! Call the office to reserve your plot!

Happy Planting!!

2016 PROJECTS

Garbage and Recycling

Using money from Government Funding, Council has decided to go ahead with the Gate project for the Garbage and Recycling Area!

This will restrict access to Residents and Permit holders only, and help prevent unauthorized users from using the facility and keep our Garbage and Recycle area a little bit cleaner! The aim is to keep costs within the budget, to avoid extra costs being passed on to the Tax payer.

This project will be starting this summer. Stay tuned for more details!

Lagoon Upgrade

Using money from Government Funding, Council has decided the Lagoon pump off is to go ahead in the Fall.

Stay tuned for more details!

**Fort McMurray and Area Wildfire Relief.
Bittern Lake Post Office are accepting donations.
100 % of all monetary donations made will go to the Red Cross Fires Appeal.
Thank you !**
