

Bittern Lake Community **Association**

Call for Members

As our current Board Members have decided to step down you have the opportunity to be involved.

Are you a community minded person who is looking for an opportunity to make a difference?

Did you know?

- The Bittern Lake Community Association requires a complete panel of volunteers to continue?
- We require individuals willing to take the Safe Food Handling Course to continue to operate. Great opportunity to obtain the course, subsidized by the Village.
- The Hall is the cornerstone of our community; it would be a travesty to lose such an integral part of history and culture!!
- You would be amazed what can be accomplished when many hands make light work.
- You can make a difference.

How can you make a difference?

For more information please contact the Community Hall Association at (780)-281-0879
