IMPORTANT NOTICE

Date: Feb 28, 2021
Owner: The Village of Bittern Lake
Attention: All residents and those affected by the 2021 infrastructure operations
Re: Bittern Lake 2021 – Infrastructure Operations

TNT Canada Consultants Inc. (TNTCC) would like to send out this notification, on behalf of the Village of Bittern Lake (the Village), to all residents and those affected by the 2021 infrastructure operations.

How does this affect you?

- Watch for us 😊 Our engineering and construction team(s) will be noticed around the Village.
- Our team will be operating with standard construction equipment, OHV's, motor vehicles, etc. They will be wearing necessary PPE and carrying pertinent identification.

What to do?

- Contact TNTCC or the Village with any questions or concerns.

When does work begin and End?

- Railway Avenue Infrastructure – April 1st (Est completion April 30th)
- Public Works Shop Upgrades – April 19th (Est completion August 31st)
- Alley and Surface Drainage Upgrades – April 26th (Est completion May 15th)

Why?

Infrastructure systems require regular upgrades for continued successful operation. Some of the Village systems has been replaced and/or upgraded while other areas are aged and require maintenance, testing, and upgrades. These measures will aid in the future success of the Village Infrastructure system, in the most economically feasible manner possible.

Any questions can be directed to TNTCC, Tyler Brake, at 403-872-7494. Thank you for your patience and understanding.

Kind Regards,
TNT Canada Consultants Inc.
Tyler Brake, P. Eng
